

WAYSIDE HOUSE

Christmas 2016

**"BLEST CHRISTMAS MORN, THOUGH MURKY CLOUDS PURSUE THY WAY,
THY LIGHT WAS BORN WHERE STORM ENSHROUDS NOR DAWN NOR DAY!"**

HYMN 23 by Mary Baker Eddy

Recently Board members, Management, Christian Science nurses and support staff were asked to answer a few questions, one of them being: "In your experience at Wayside House name 3 areas where you derive inspiration and satisfaction."

One of our Christian Science nurses, when answering this particular question, realized how important working at Wayside had been to her during a recent healing. For some time she had been experiencing great difficulty with strength and mobility issues. During this time she was able to continue working and very much felt that the support she was receiving from all the staff was helping her realize her healing. The thought that Wayside has for so many decades been a place of healing was very comforting to her. Metaphysical ideas were shared with her by staff members who were aware that she needed encouragement at times. Being in this atmosphere, persevering and being willing to work and support our guests and patients, eventually resulted in complete healing.

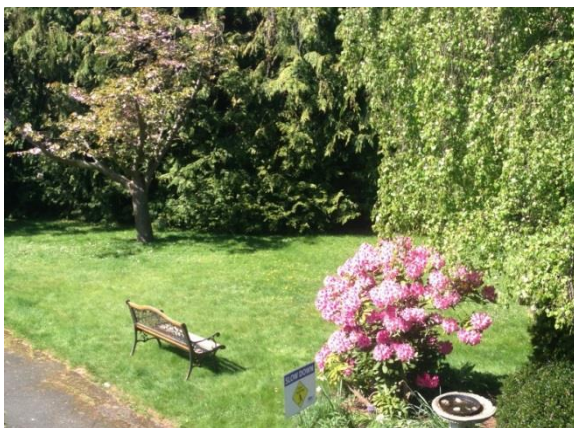

We were all so grateful to witness this healing and we invite any of you, who may be struggling and in need of physical and prayerful support, to come to Wayside for tender loving care!!
